VIMY FLIGHT is a team of dedicated volunteer Canadian pilots and ground support that had the honour of performing a commemorative bi-plane fly-past over the Vimy Ridge Memorial in Vimy France this April 9, 2017. The Birth of A Nation Tour brings Vimy home for all Canadians. Vimy Flight – Birth of a Nation operates in alliance with A Nation Soars, a Department of Canadian Heritage-sponsored trilogy that commemorates Canada's integral contributions with the evolution of First World War aviation.
